STAT TO : Room 1201, L Building

FROM :

SUBJECT: Regrading of Documents

DATE: 10 April 1951

1. The items we talked about today specifically are those on page 15, 16 and 17 of the enclosure. There seems to be some repetition of the letter symbols following the numbers on preceeding pages from 6 to 15. You will see that the enclosure lists radios in date order from each headquarters of origin. This office will retain these notices and has prepared a card for each item so that radios are arranged by their numbers with all CX's together, all C's together, all SX's together etc. We want to make our list most useful and had in mind making arrangements by radio number rather than date. I will appreciate your comments. Please return the enclosure.
